## 2019 ENGINEERS WEEK KICK-OFF LUNCHEON

Tuesday, February 19, 2019

Hale Koa Hotel, Banyan Tree Showroom

### Major General Susan A. Davidson

Major General Susan A. Davidson is the Director for Logistics, Engineering and Security Cooperation, Headquarters, U.S. Indo-Pacific Command (USINDOPACOM), Camp H.M. Smith, Hawaii. She is responsible for the planning, coordination, and integration of strategic Logistics, Engineering and Security Cooperation in support of U.S. National Defense Strategy in order to build U.S. and partner capacities to accomplish the USINDOPACOM mission across the Indo-Pacific region.

General Davidson was born in Dade City, FL. Her military career began as a Cadet at New Mexico Military Institute, followed by graduating from New Mexico State University. She received her commission in May 1983 and came on active duty in April 1986.

General Davidson has held a wide variety of command and staff positions. Previous to this assignment, she served as Commander of the 8th Theater Sustainment Command, United States Army Pacific. Her key assignments include Commanding General, Military Surface Deployment and Distribution Center (SDDC); Commander, Defense Logistics Agency-Distribution; Deputy Commanding General/Director of Operations, SDDC; Director, Strategy and Integration, G-45/7 in the Deputy Chief of Staff G4; Executive Officer to the Deputy Commanding General of Army Materiel Command; Deputy G3, 13th Corps Support Command; Joint Mobility Operations Officer, U.S. Transportation Command; Executive Officer and Support Operations Officer, 524th Corps Support Battalion; Group S4, 45th Corps Support Group; Army Reserve Advisor, 78th Infantry Division; Group Plans Officer, Operations Officer, and Chemical Staff Officer, 7th Transportation Group; and Director of Human Resources Command, Logistics Officers Assignment Branch for Captains.

General Davidson has commanded at company, battalion, and brigade level in peace and war. She commanded the 870th Transportation Company for 17 months including an 11-month deployment in support of Operation Desert Shield and Operation Desert Storm. As a battalion commander, she commanded the 49th

Movement Control Battalion forward during Operation Iraqi Freedom at Balad, Iraq, and at Fort Hood, TX. In 2007, she assumed command of SDDC's 599th Transportation Group, and deployed forward to simultaneously serve as commander of the 595th Terminal Transportation Group in Kuwait for six months before returning to Hawaii to finish her 599th command time.

Her military education includes the Chemical Officer Basic Course, Transportation Officer Advanced Course, Air Command and Staff College, United States Army Command and General Staff College, and the United States Naval War College. She holds a Master of Military Art and Science degree in Advanced Military Studies and a Master of Arts degree in National Security and Strategic Studies.

General Davidson's awards and decorations include the Distinguished Service Medal (1 OLC); Defense Superior Service Medal; Legion of Merit (three OLC); Bronze Star Medal (two OLC); Defense Meritorious Service Medal; Meritorious Service Medal (four OLC); Army Commendation Medal (four OLC); Army Achievement Medal (OLC); Humanitarian Service Medal; and Army Staff Identification Badge.(as of 31 July 2018)

## 2019 ENGINEERS WEEK BANQUET

Saturday, February 23, 2019, 5:30 pm

Grand Ballroom at the Koolau Ballrooms and Conference Center

44-550 Kionaole Road, Kaneohe

### Bob Sigall

Our banquet speaker, Bob Sigall is the author of the five "The Companies We Keep" books and writes the popular *Rearview Mirror* column in the Honolulu Star Advertiser each Friday. Bob is Hawaii's "business historian." His books and columns tell amazing stories about well-known Hawaii people, places, and companies. His talk will share some of those stories.

Newspaper columnist, business consultant, teacher but perhaps best known as author of the books "The Companies We Keep 1, 2, 3, 4, & 5 about the forgotten stories of Hawaii's people, places and companies."

Bob Sigall is a life-long entrepreneur. He had four businesses before graduating from high school. He earned a masters degree from the University of Hawaii in 1975 and has been a business consultant since 1978. Since then, he has consulted with over 1,000 local Hawaii companies.

Bob taught marketing and management at Hawaii Pacific University for 15 years and with the help of his students, researched and wrote the five bestselling books "[The Companies We Keep](#)". Since April 2011, he has written the weekly column the [Rearview Mirror](#) for the Honolulu Star-Advertiser, once featuring past HCES Lifetime Achievement Awardee Alan Lloyd on Alan's near death experience during the little known second attack by the Japanese on Oahu on March 4th 1942.

Bob will be available for a book signing of his books at the banquet. Bring your copy of his book or they will be available for \$20 each or 2 for \$35.

His books are available at <http://www.CompaniesWeKeep.com>

The program will also include the presentation of Engineer of the Year, Young/Early Career Engineer of the Year, HCES Lifetime Achievement and Student Engineer of the Year Awards, and the installation of the 2019 HCES officers. See page x for more information.

## HCES 2019 EWEEK KICKOFF

Monday, February 18, 2019

Windward Mall

The Hawaii Council of Engineering Societies (HCES) is kicking off Engineer's Week at Windward Mall Center Court on Monday, February 18, 2019 from 10am-2pm. Stop by and check out hands-on activities and displays showcasing how engineers "Invent Amazing" in Hawaii.

Joining HCES will be VEX IQ teams competing in the 2019 Hawaii Council of Engineering Societies VEX IQ Challenge Scrimmage. VEX IQ is a fast-paced skills challenge for elementary and middle school students. HCES will also be making a donation to support the teams with new kits.

HCES is welcoming the engineering community to showcase science, engineering, math, and technology (STEM) with an interactive booth, display board, or donation. Each year dozens of shoppers stop to learn more about engineering in Hawaii.

Contact Kristen Yoshida ([kyoshida@bchdesign.com](mailto:kyoshida@bchdesign.com)) or Bill Lee ([leeb@coffman.com](mailto:leeb@coffman.com)) for more information.

**Site Walk of the Fort Shafter Mission Command Facility**

SAME Honolulu Post members participated in a site walk of the Fort Shafter Mission Command Facility (MCF) hosted by the Honolulu District of the U.S. Army Corps of Engineers (POH) and Hensel Phelps on October 10, 2018. This \$503 Million project replaces aging WWII era (historic Palm Circle) structures and incorporates modern force protection, security, information technology, utility and site improvements, and parking. The 350,000 square feet, LEED Silver facility that will accommodate 1,200 personnel is one of the largest construction projects in the State of Hawaii, and when completed, will serve as the U.S. Army, Pacific Headquarters.

This site walk followed a presentation on the facility during SAME Honolulu Post's August 2018 Lunch Meeting by Tim Phillips and Jason Tanaka of POH, and featured Augmented Reality Technology (ART), allowing participants to visually compare final designs with actual construction under field conditions. Actual exposure to and use of ART, a technology poised to revolutionize design and construction, highlighted this site walk.

**AACE HAWAII SECTION NEWS**

On Saturday December 8th, the AACE Hawaii Section combined forces with the CMAA in a Community Service Event to clean up the beach at Sherwood Forest in Waimanalo. Twenty volunteers braved the stormy weather and completed the clean up in less than an hour! Woo Hoo! Unfortunately, the planned BBQ lunch was cancelled due to the inclement weather. Mahalo to all who volunteered their time on a wet Saturday morning!

**2018-2019 ITE Officers**

- President: Claire Fukuoka  
*cfukuoka@atahawaii.com*
- Vice Pres.: Cristina Rodriguez  
*crodriguez@atahawaii.com*
- Sec./Treas.: Jennylin Tapat  
*JTapat@wilsonokamoto.com*

Section President Claire Fukuoka opened the November meeting by initiating introductions from everyone. After the introductions, Western District International Director Elect Cathy Leong shared some announcements. She encouraged other members to consider attending the upcoming Western district annual meeting to be held in Monterey, California in June 2019. In addition, Cathy also provided new updates on ITE International's One Initiative which she previously presented at the October meeting. Finally, nominations are currently being accepted for anyone interested in running for the western district elections.

Following the announcements, Vice President Cristina Rodriguez introduced guest speaker Kimi Yuen from PBR Hawaii and Associates. Kimi is a principal at PBR Hawaii and has worked on a wide-range of regional planning projects, the development of master planned communities, long-range planning, and urban and community design guidelines. The topic of her presentation was "Blending Planning with Transportation Engineering to Create a Sense of Place" in which she highlighted the need for more collaboration between planners and transportation engineers in order to advance the implementation of complete street improvements that cater to all users of the roadway. Although guidelines for complete streets have been developed, progress has been slow in incorporating them into the City and County standards for roadway design. She then discussed PBR's involvement in the South Kauai Community Plan (SKCP) in which they collaborated with transportation consulting firm Fehr and Peers along with the County of Kauai to create a multimodal transportation plan that incorporated the resident's requests for roadway improvements that also address pedestrians and bicyclists concerns. In addition, the SKCP also adopted a form-based code to revise existing zoning regulations in key town core locations. While conventional zoning is based on segregation of land uses, form-based codes address the relationship between the form and mass of buildings in relation to one another and the scale and types of roadways along these developments. With a form-based code, roadway designs are "married" to the adjacent land uses and as such, the applicable design standards vary based on the location. The presentation ended with a discussion with many members and guests sharing their insights on the challenges of updating the design standards and potential steps to help advance the change.

**CMAA Hawaii Chapter News:**

Aloha CMAA Hawaii!

A beach cleanup was conducted on December 8, 2018 at Sherwood Beach Park. Thanks to Terence Young for organizing this Community Service Project with the City and County of Honolulu Department of Parks and Recreation.

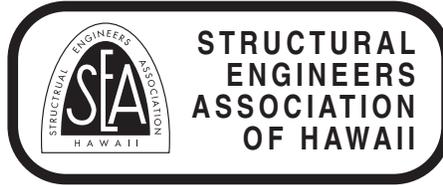

The December pau hana at Honolulu BeerWorks was fantastic. If you missed it, I am quite sure you heard about it. This is a great time to build relationships with others in the industry. Keep watching for news on the next one in February.

Save the date - January 17, 2019 for the next luncheon. If you know a great speaker you want for a luncheon, let any board or committee member know.

As shared in the past, our chapter is here as a resource for all Construction Engineering and Management professionals, and the things that we do benefit not only our CM community but our larger Ohana as well.

If you have any questions regarding any of our upcoming events, would like to join our Ohana and become more involved with the CMAA Hawaii Chapter or would simply like to be added to our email list, please email us at: [hawaii.cmaa@gmail.com](mailto:hawaii.cmaa@gmail.com), or at our mailing address: CMAA Hawaii, PO Box 531, Honolulu, HI 96809

**YMF General Meeting**

The next YMF general meeting is scheduled for Wednesday, January 9th, 2019 at 6:00 pm at Kakaako Kitchen. If you are interested in attending and learning more about the various professional, social and service opportunities available through YMF, please contact YMF at *ymf.hawaii@gmail.com*.

**Special Olympics Bowling**

On Saturday, November 17th, three YMF members volunteered at the Special Olympics 2018 Holiday Classic Bowling Competition at the Joint Base Pearl Harbor-Hickam Bowling Center. Each volunteer was assigned to manage a bowling lane with three to five athletes per lane and oversee three games in the morning competition and three in the afternoon. The volunteers assured that the games ran smoothly, cheered on the athletes, tallied up their scores, and led them to the awards ceremony. A big mahalo to the YMF members for working hard to make a memorable experience for the athletes, coaches, and sponsors! Your help was greatly appreciated!

**Lanikai Hike**

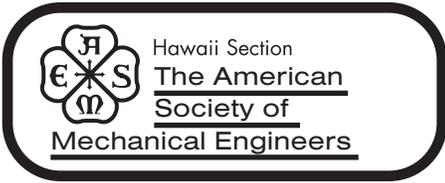

On Sunday, November 25th 2018, eleven YMF members participated in a short morning hike on the Lanikai Pillbox Trail. The weather was perfect - with a lot of cool breeze, which encouraged all of the hikers to reach the second pill box. After some ice breakers, the group attempted to search for the elusive third pillbox but did not succeed. Nevertheless, the event was a great way to work off the turkey and end our Thanksgiving weekend on a good note.

**NEWS FROM THE UH MANOA COLLEGE OF ENGINEERING (CoE)**

The Student Section reports that the CoE Spring Engineering Career Fair has been moved to March 6, 2019 due to reservation problems. It will be held at the UHM Campus Center Ballroom from 1:00 pm to 4:30 pm. The Fair is one way the CoE provides seamless career connections between their students and industry partners. Prospective employers can visit the CoE website for more information.

Students and recent graduates can now use the CoE "Career Opportunities for Students"

job listings webpage for posted entry-level and experienced engineering jobs (Internships and full-time) from industry. The CoE is committed to developing students to be career ready for the work force.
