40-Hour Construction Safety Hazard Awareness Course for Contractors

June 11,18, and July 2,9,16, 2016 (Saturdays)
8:00a.m. until 4:00p.m.

Structural Hawaii Inc.
1255 Kuala St. 2nd Floor Conference Room, Pearl City, HI 96782

Lecturer: Roger A. Urbi, P.E., CSP

This 40-hour Construction Safety Hazard Awareness Course will provide attendees with the knowledge required to perform duties as Site Safety and Health Officers (SSHO) on all government projects. A mandatory training requirement for all safety officers assigned to any federal or state contract. Intended for personnel who have 5 years construction industry safety experience, or 3 years of experience and holds a certified safety professional, or safety and health degree. This course is a must for all Site Safety Officers, Superintendents, and Quality Control Managers.
